Dear Board Members:

Thank you for your recent donation of \$500.00 to the North County African American Women's Association. We are pleased that you determined to take action in support of community organizations who are making a difference in this area due to the recent racially charged events in our nation.

NCAAWA has been active in the North County for twenty-five years. We are a diverse group of women who work cooperatively to improve the lives of women and girls in our community, through our mentoring programs and our ongoing work with women. We know that BLACK LIVES MATTER is about the members of the community recognizing that until we work to remove barriers for Blacks and other people of color in this country we cannot truly mean that all lives matter.

We appreciate your support and we pledge to continue our good works for others. Your letter to the community netted donations to NCAAWA of more than \$1, 400.00! It made me very emotional to know that Maria al Shamma had suggested our organization to you as worthy of your support.

With sincere appreciation,

Raye Clendening
